- 1) All the positions are filled up through Direct Recruitment against regular positions with initial contract in lieu of separate probation/ tenure / Deputation / Promotion through selection under limited departmental quota of up to 50% vacancies (up to the entry level Group A positions) at each instance, against sanctioned vacancies.
- 2) If applicants are not available on direct recruitment, the posts may be filled-up on Short-term Contract / Transfer-on-absorption basis, wherever required and advertised so.
- 3) **Shortlisting at Level -1 for all the posts**

Screening of the applications received will be done by an Institute level committee to shortlist the candidates to be called for screening test/skill test/written test/computer skill test at level -2. At this level, the committee at its own discretion may restrict the maximum number of candidates to be shortlisted for participating in Level-2 screening. However, short-listing may be done duly deciding higher cut-offs to restrict the number of candidates at each level. If the sufficient/enough number of eligible candidates as per advertisement are not available, the committee may go for a relaxed criterion in terms of the age, percentage of marks, and number of years of experience etc. as a class with the prior approval of competent authority in case of repeated advertisement and non-availability of candidates with the prescribed qualifications, experience and training. Therefore, the candidates are advised to apply furnishing all details of qualifications and experience.

The Shortlisting Committee shall devise its own criteria for shortlisting the candidates and optimize the number for inviting them for Screening Test followed by interview. The decision of Shortlisting Committee is final in terms of shortlisting criteria. The shortlisted candidates shall be conveyed by email only for attending the selection process.

In the event of number of applications being large, the shortlisting committee of the Institute will adopt shortlisting criteria to restrict the number of candidates to be called for Screening Test and / or interview to a reasonable number by one or more of the following methods:

- (i) On the basis of higher educational qualifications than the minimum prescribed in the advertisement.
- (ii) On the basis of higher experience in the relevant field than the minimum prescribed in the advertisement.
- (iii) On the basis of desirable qualifications and / or desirable experience.
- (iv) By counting experience before and / or after the acquisition of essential qualifications.

- (v) Experience gained in relevant posts under Central Government Educational and Research Institutes on regular basis against sanctioned positions.
- (vi) Rejecting the incomplete applications.
- (vii) By holding a Screening Test of qualifying nature only for shortlisting the candidates.

4) Methodology for communications with the candidates:

The shortlisted candidates shall be conveyed on the registered email only for attending the selection process. No written or speed post communications shall be sent separately, and no claims of any kind shall be entertained in this regard. All the correspondence at all the levels shall be made to the registered email only hence no postal communication shall be made at any point of time.

A. Selection Procedure for Group 'A' positions:

Selection by interview only: The shortlisted candidates will be called for screening test (optional, only for shortlisting the candidates without any weightage for interview, in case of large number of applications shortlisted) and / or personal interview before the selection committee on a given date and time conveying through e-mail only. There will not be any request entertained for change of date of screening test/interview by the individual candidates under any circumstances. The selection committee will make a panel of selected and waitlisted candidates based on performance in the interview on common consensus basis for approval of recommendations by the appointing authority. The results of the interview will be notified to the selected candidates in writing after approval of the competent/appointing authority. No correspondence will be entertained during the process of the selection.

The interview-cum-personal discussion/ presentation by the shortlisted candidates will be the decisive point for selection of the candidate. The selection committee at its own discretion may also arrange for a group discussion of the candidates invited for interviews, besides asking them to make a Power Point Presentation (PPT) before the selection committee. However, the committee may dispense with the Power Point Presentation (PPT) and / or the group discussion, at its own discretion and conduct the interview alone.

The selection committee shall make its recommendations to the Chairperson, Board or Director as the case may be with the names of the selected candidates being arranged in order of merit.

If need be, the selection committee also may draw a waiting list with sufficient number of eligible candidates from each category who may be given the offer of appointment subject to their meeting/ fulfilling all eligibility requirements only in case the selected candidates refuse or fail to join within the stipulated time, which may be up to 6 months in normal circumstances. The waitlist will stand ceased, once all the selected candidates have accepted and joined the positions offered. The waitlist is not a panel of candidates for filling the future vacancies arising out of resignations/ removals/ retirements/ promotions etc. after the interviews/ selections are completed against each advertisement.

The activation of waiting list will not be automatic but subject to approval of the competent authority, as per Institute requirements and valid only for six months from the date of announcement of interview.

B. Selection Procedure at different independent Levels through shortlisting under “Direct Recruitment on all India basis otherwise than by Open Competition”:

1. Shortlisting of the applications (Level – 1):

The applications received shall be shortlisted by a committee of experts to shortlist the candidates based on the qualifications and experience advertised. Such candidates will be invited for attending a Screening Test of qualifying nature only followed by qualifying / skill / physical standards test for qualifying the people for interview duly shortlisting the candidates, if the number of people to be interviewed is proportionately large, as detailed under the selection process.

2. Shortlisting at Level – 2

At this level, the Institute may conduct computer based descriptive / objective Screening Test (**75% question descriptive and 25% question Objective**) / computer skill tests of qualifying nature only for all candidates shortlisted in Level-1 screening to further shortlist the candidates and bring them on a common platform. However, no weightage shall be passed on to the next level i.e., Level-3. The screening test of any nature would be of qualifying type only and is independent in itself. To ensure availability of required number of candidates from reserved category (SC/ ST/ OBC(NCL)/ PwD etc.) a relaxed criterion with lower cut-off marks (SC/ST:10%, OBC(NCL)/PwD: 5%) may be applied.

The screening test will be used only for the purpose of optimising the number of candidates attending the interview and the same would be of qualifying nature to short-list at least three people for each position available. If the number of candidates qualifying for the next level after application of the prescribed minimum cut-off criteria for shortlisting the candidates for the next level / final level of interview is more than 1:3 in the optimal ratio, the selection committee may apply higher cut-off over and above the minimum cut-off criteria which shall be proportionately increased for each category to restrict the maximum number of candidates to be called for the next level or the final level of selection i.e. “Interview”. If sufficient number of candidates are not available for attending the interview after short-listing at level-2, the selection committee may decide to invite all the people present in the screening test for personal discussion-cum-interview, in order to encourage more participation in the next level / final level of selection process.

The suggested methodology along with suggestive syllabus for computer based descriptive/objective Screening Test/ Physical Standard Test/ Computer Skill Test of screening nature with minimum cut-off marks for each category may be as follows:

However, computer skill test may be dispensed with if the Screening Test / Trade Tests are conducted on computer system itself. The marks / Grades obtained in the screening test / trade test / computer skill test at each level shall not be passed on to the next level, since they are meant for shortlisting the candidates through elimination process and optimize the candidates to be interviewed by the selection committee. No claims for giving cumulative weightage for the (a) Higher academic qualifications (b) Length of experience (c) performance in the preliminary / advanced level screening / trade tests / computer skill tests etc. shall be entertained at any level.

[III] Indicative Syllabus for all Group A, B & C positions (Descriptive / Objective in Hindi / English):

In the similar fashion, if the question is devised in Hindi, the answer should be in Hindi only.

IV. The minimum qualifying Criteria:

- 1) The minimum Cut off percentage in the Composite type of Screening Test mentioned at item No. I above is 50% UR & EWS category, 45% for OBC and 40% for SC/ST. The cut-off for PwD will be as applicable to the respective vertical category such as UR & EWS/ OBC (NCL)/ SC/ ST, as the case may be. Only those securing marks above the minimum cut off percentage of marks shall be eligible for attending the qualifying type of Computer / Skill Test.
- 2) The screening test will be used only for the purpose of optimising the number of candidates attending the interview and the same would be of qualifying nature to shortlist at least three people for each position available. If the number of candidates qualifying for the next level after application of the prescribed minimum cut-off criteria for shortlisting the candidates for the next level/ final level of interview is more than 1:3 which is beyond the optimal ratio, the selection committee may apply higher cut-off over and above the minimum cut-off criteria which shall be proportionately increased for each category to restrict the maximum number of candidates to be called for the next level or the final level of selection i.e. "Interview".

However, if enough candidates are not available for attending the interview after shortlisting at level-2, as per the optimal ratio suggested i.e., 1:3, the selection committee may decide to invite all the people present in the qualifying test for personal discussion-cum-interview, to encourage more participation in the next level / final level of selection process and give one more opportunity to the candidates to attend the interview.

- 3) Computer Skill Test is of qualifying nature without any weightage for assessment.
- 4) However, the competent authority may relax the cut-off/ minimum qualifying % for each category of posts based on the requirements of the post and also to ensure availability of sufficient number of candidates, if there is any shortage in any category like UR/ EWS/ OBC(NCL)/ SC/ ST/ PwD etc.

3. Selection by interview only

The 1st Statutes of IISERs which received the assent of the Hon'ble President of India on August 6, 2014 vide Statutes No. 16.10 states that *“The Selection Committee shall examine the credentials of all persons who have applied and may also consider other suitable names suggested, if any, by a member of the Selection Committee or brought otherwise to the notice of the Committee. The Selection Committee may interview any of the candidates, as it thinks fit, and shall, at the discretion of its Chairperson, cause a written test or tests including an oral presentation to be held for all or some of the candidates as the Chairperson may think fit, and shall make its recommendations to the Chairperson, Board or the Director, as the case may be, with the names of the selected candidates being arranged in order of merit.”*

Therefore, the screening tests of general nature are only for the purpose of shortlisting the candidates for interview and optional at the discretion of the Selection Committee. The screening tests are purely of qualifying nature without any composite weightage, purely in order to reduce the number of candidates to be invited for the interview based on which selections are made.

Therefore, all the selections are made through the recommendations of the Selection Committee based on performance in interview which is intended to test various aspects of personality quotient, domain knowledge and suitability of the candidates for ready deployment for job/ assignment with relevant experience, following non-availability of long-term induction training or job internships or apprenticeship/ probationary training. At all levels, the candidates with suitable experience only shall be shortlisted, unlike selection of fresher through competitive exams. Therefore, the selection is termed as “Direct Recruitment on all India basis otherwise than by Open Competition.”

The shortlisted candidates from the level 1 and 2, will be called for personal interview before the selection committee on a given date and time conveying in writing through e-mail only. There will not be any request entertained for change of date of screening test/ interview by the individual candidates under any circumstances. The selection committee shall draw a panel of selected and waitlisted candidates based on the performance in the interview on common consensus basis in the order of merit for all Groups A, B & C positions. The results of the interview will be notified in writing to the selected candidates after approval of the competent/ appointing authority. No correspondence will be entertained during the process of the selection.

The interview-cum-personal discussion/presentation by the shortlisted candidates from Level-1 or Level-2 (Optional) will be the decisive point for selection of the candidate. The selection committee at its own discretion may also arrange for a group discussion of the candidates invited for interviews, besides asking them to make a Power Point Presentation (PPT) before the selection committee. However, the committee may dispense with the Power Point Presentation (PPT) and or the group discussion, at its own discretion and conduct the interview alone.

The selection committee shall draw a list of the selected candidates in the order of merit in the interview from each category. If required, the selection committee also may draw a waiting list with sufficient number of eligible candidates from each category who may be given the offer of appointment subject to their meeting/ fulfilling all eligibility requirements only in case the selected candidates refuse or fail to join within the stipulated time, which may be up to 6 months in normal circumstances. The waitlist will stand ceased, once all the selected candidates have accepted and joined the positions offered against the position announced in the advertisement. The waitlist is not a panel of candidates for filling

the future vacancies arising out of resignations/ removals/ retirements/ promotions etc. after the interviews / selections are completed against each advertisement.

The activation of waiting list will not be automatic but subject to approval of the competent authority/ as per Institute requirements and valid for 6 months only from the date of interview.
